3 Times And You Lose

Travis

I had a nightmare
I lived in a little town
Where little dreams were broken
And words were seldom spokenI tried to reach you
But all the lines were down
And so the rain began to fall
On this little town
... On this little townThe little people
Had very little left to say
Their words had all been shortened
It didn't really seem importantAnd I had a feeling
That you were very far away
But then a little voice inside me said
"you'll never get away from here"And it's 1, 2,
3 Times and you lose
Of course it doesn't matter how you say it
I'm all out of luck
So there's nothing really more to say
I'm throwing it all awayWell we had opinions
But now we all think the same
We never look at one another
Only when the other suffersAnd I thought I saw you
But it was just another face
Plastered on a blank horizon
Running in the human raceAnd it's 1, 2,
3 Times and you lose
Of course it doesn't matter how you say it
I'm all out of luck
So there's nothing really more to say
I'm throwing it all awayAnd it's 1, 2,
3 Times and you lose
I'm all out of luck
So there's nothing really more to say
I'm throwing it all away
Throwing it all away
Throwing it all away
