

I Die a Little Each Day

Otis Clay

Ever since the train pulled out the station
All my life seemed all down hill
And in my tears I find no consolation
'Cause you took away all my will to live

(chorus)

Don't you know I just die a little each day
Ever since you been gone away
Baby, won't you please, oh please
Come back home

Oh, each day seems like a lifetime
And don't let my life wash down the down the drain

(chorus)

Don't you know I just die a little each day
Ever since you been gone away
Baby, won't you please, oh please
Come back home

It took a little time to realize
What I had by my side
'Cause I was too busy doing the little things
That I had to hide
But now that you're really gone
And I'm left here all alone
I can feel, I can see
Without your love I can't go on

(chorus)

I just die a little each day
Ever since you been gone away
Baby, won't you please, oh please
Come back home

Wow, wow, wow,

(chorus)

I just die a little each day
Ever since you been gone away
Baby, won't you please, oh please

Come back home

(repeat and fade)
