

Raise the Spirit

[Grant-Lee Phillips](#)

Nothing gonna break heart your today
Nothing gonna steal your light away, no
Even when the skies are turning gray
Ah, youre gonna welcome in the rain, yeahCome on, come on
Ah, let me hear it another time
Come on, come on
Ill raise the spiritNothing gonna chain you once your free
Havent gotta live in misery, no
Even when you tried out every key
But still another door worth opening, yeahCome on, come on
Ah, let me hear it another time
Come on, come on
Ill raise the spiritMusic in your heart, coming on in waves, love
But thunder in your head is rolling awayNothing gonna twist your arm again
Nothing gonna sway you like the wind, no
Nothing gonna get under your skin
Nothing gonna twist your arm again, noCome on, come on
Ah, let me hear it another time
Come on, come on
Ill raise the spiritCome on, come on
Ah, let me hear it another time
Come on, come on
Ill raise the spirit
