Rock

M.Y.C.

Rock Rock [11x]
I know you don't really want me to make it
I know you hate the fact that I'm so fly
And I see you like what you see and want to take it
I know you really don't wanna die
So come on and rock, come on and rock
You don't want anything to be your pain
So come on and rock, come on and rock
You got more to lose than you got to gain

I'm trying to understand the reason why you wanna hate Akon
Feel the beat, can't stop now
You trying to get in the way to make a nigga straight slow down
But you know we won't stop now
What about the crooked cops?
What about the liquor shops?
What about the things we do when it comes to holding down the block?
What about the fake ass hoes?
What about them with no clothes?
What about they'll do anything that you want them just show them the doe?
No matter where we go
There's no one above me
Akon and Filapine
We running the country
I know you want to see it
But you can't control us
So take my advice
If you can't beat us, then join us

I know you don't really want me to make it
I know you hate the fact that I'm so fly
And I see you like what you see and want to take it
I know you really don't wanna die
So come on and rock, come on and rock
You don't want anything to be your pain
So come on and rock, come on and rock
You got more to lose than you got to gain

I know they hating on me

Calm when it's plain to see
My enemy is close, used to be my friends
Don't know what to do, the murder's grave to me
But it's OK, I know I got it
Then you can see my style
Asiatic, do it like nobody ever did
I'm crunk, singing, riding in my car
Doing what I like and I don't care what they say
Don't know why they hate like that
Tell me why they hate like that
I see them through my window
Trying to take everything I got
I can see it in your eyes
I'm dancing on your mind
Well come round with me motherfucker can we do or die

I know you don't really want me to make it
I know you hate the fact that I'm so fly
And I see you like what you see and want to take it
I know you really don't wanna die
So come on and rock, come on and rock
You don't want anything to be your pain
So come on and rock, come on and rock
You got more to lose than you got to gain

Yeah I know I know I know they hatin me
But I see they try to take everything I got
I see I see I see it in your eyes
they feel like they mess with me
Imma bring a bit
No no no no they're playin jealousy, envy
but to show i'm gonna make it yeah

I know you don't really want me to make it
I know you hate the fact that I'm so fly
And I see you like what you see and want to take it
I know you really don't wanna die
So come on and rock, come on and rock
You don't want anything to be your pain
So come on and rock, come on and rock
You got more to lose than you got to gain

I know you don't really want me to make it
I know you hate the fact that I'm so fly
And I see you like what you see and want to take it

I know you really don't wanna die
So come on and rock, come on and rock
You don't want anything to be your pain
So come on and rock, come on and rock
You got more to lose than you got to gain
