

Firewater

BT

The fire in the sky...(line spoken in persian)(vocalizing)(line repeat x2 spoken in persian)(vocalizing)(line repeat
spoken in persian)If you think we're alright
If you're breathing in the water
We're all sinking in the flesh
We're all covered in the fatherDo you ask yourself "where am I now? "
When I'm six feet down
Through the pre-shifted ground
Did the vine we climb carry us through
