

# Conclusion

K.K. Null   Chris Watson   Z'ev

Yo, this is left eye speakin' for tlc  
And as we're closin' out here  
You need to know that words cannot  
Express to you how important safe-sex is to us

What some of us toy around with can easily  
Become a deadly weapon  
So take it as serious as it is  
And remember that protection is the priority  
And that is ooooooohhh...on the tlc tip
