

Stay

The Suffers

I lied when I said that I moved on
Cause look it baby, you're still in every song
I lied when I said that you were my first love
Just when it came to other guys, they all just seemed like the worst baby
Stay with me
Stay with me I never knew things could get so bad
It's just that I never recognized the good man that I had
I never wanted you to walk away no no oh
So now I'm here hoping, hoping that you'll just
Stay with me
I just, just
Stay with me
