

Good God (Dub Pistols Mix)

Korn

You came into my life without a single thing
I gave in to your ways, which left me with nothing
I've given in to smiles, I fell for all your games
I wish so bad right now, I hadn't let you in Won't you get the fuck out of my face? Now!
Won't you get the fuck out of my face? Now! The sea of life, you're just a minnow
Live your life insecure
Feel the pain of your needles
As they shit into my brain
I scream without a sound, how could you take away
Everything that I was, made me a fuckin' slave
Your face that I despise, your heart inside that's grey
I came today to say, you're fucked in every way Won't you get the fuck out of my face? Now!
Won't you get the fuck out of my face? Now! The sea of life, you're just a minnow
Live your life insecure
Feel the pain of your needles
As they shit into my mind You stole my life
Without a sigh
You suck me dry Won't you get the fuck out of my face? Now!
Won't you get the fuck out of my face? Now!
Won't you get the fuck out of my face? Now!
Won't you get the fuck out of my face? NOW!
Won't you get the fuck out of my face? NOW!
Won't you get the fuck out of my face? NOW!
Won't you get the fuck out of my face? NOW!
Won't you get the fuck out of my face? NOW!
The sea of life, you're just a minnow
Live your life insecure
Feel the pain of your needles
As they shit into my mind
You stole my life
Without a sigh
You suck me dry
