## Switchblade Symphony

Tomorrow  
Will we all just fade away  
And will the sun explode  
Destroying everything Tomorrow  
Will we all just fade away  
And will the sun explode  
Destroying everything We are lines too little  
Fading fast away  
Too little we all shine  
We will find a way We are lines, we are lines  
Fading fast away, fading fast away What happens  
Will we all just fade away  
And will the sun explode  
Destroying everything What happens  
Will we all just fade away  
And will the sun explode  
Destroying everything
