Strange Lost World

Sodom

You're crawling like a desert worm
Praying for graciousness
Trapped within my obscure dungeon
Staring through the darknessYour god is just an apparition
Your misbelief's warning dead
Don't ignore the warning signs
We've got the gold, you've got the leadExposed to my arbitrariness
'Cause death means nothing to you
Disconnected from reality
Wherever you will find refugeInto a strange lost world
Into a strange lost world
Belligerance and conflagration
Hateful echos from the sky
Blind and faithful unto death
Desensitized humanityYour god is just an apparition
Your misbelief's morally dead
Don't ignore the warning signs
We've got the gold, you've got the leadExposed to my arbitrariness
'Cause death means nothing to you
Disconnected from reality
Wherever you will find refugeInto a strange lost world
Into a strange lost worldThe holy hunter becomes prey
His armor is destroyed
Condemned just by a single shot
To tear the war out of your head
Exposed to my arbitrariness
'Cause death means nothing to you
Disconnected from reality
Wherever you will find refugeInto a strange lost world
Into a strange lost world
Into a strange lost world
Into a strange lost world
