## Toro y Moi

Turn those fans away from me  
They only dry my eyes out  
Ever since I was born I couldn't see  
Ever since I could see I couldn't find  
Why you close your lips so tight  
When I try to kiss you off goodbye Ohh Ohh I never wanted to be never understanding  
Learning comprehension leaving everyone  
Wondering where you went  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it not?  
Doesn't matter does it?
