

# Let There Be Music

## Orleans

When the world was in trouble  
And it looked like there was hell to pay  
    Fire, fire everywhere  
And the news got worse each day  
    People really wondered  
    Just how long they could hold out  
    God looked down from heaven above  
    And he began to shoutLet there be music  
    Let it shine like the sun  
    Let there be music  
Everybody's got to have some funIt's so hard to keep on smiling  
    When people try to make you frown  
    But we're all in this together  
    So why bring one another down  
    You know we can't expect our problems  
    To grow wings and fly away  
    So fight the fight just as hard as you can  
And when it's time for you to playLet there be music  
    Let it shine like the sun  
    Let there be music  
Everybody's got to have some fun
