

Don't Play With Our Love

Craig David

Yeah, come on, come on
It's another one
Yeah, huh, come on
Uh what, come on
Yeah, uh, check it out
Uh, check it, uh
Been sayin' lately it's a waste of time
You got your problems babe and I got mine
I know right now we don't see eye to eye
You got your problems but until we try
Don't give it up, don't mess it up
Don't play with our love, oh baby
Don't rip it up, girl, don't tear it up
Don't play with our love, girl
Girl, trust me, come on
Girl, trust me
Girl, trust me
All you gotta do is
Girl, trust me, come on
Girl, trust me
Girl, trust me
All you gotta do is
I know baby you want peace of mind
You got your problems babe and I got mine
Ride up can see in clear been actin' blind
You got your problems but until we try
Don't give it up, don't mess it up
Don't play with our love, oh baby
Don't rip it up, girl, don't tear it up
Don't play with our love, girl
Girl, trust me, come on
Girl, trust me, come on
Girl, trust me
All you gotta do is
Girl, trust me, come on
Girl, trust me, come on
Girl, trust me
I know that we've been hurting girl, that's true
But maybe we could talk the whole thing through

It's times like this I know we've got to prove
Baby girl, I'm so in love with you, girl
Huh, come on, come on, come on
Huh, check it, huh, yeah, come on
Uh uh uh, come on, yeah, uh
Huh, check it, it's another one
I know we both need the release
But it's ludicrous if people start disturbin' the peace
Hands on blinds, nosy neighbors peeping through the crease
Easy next thing they be callin' police
And that ain't what we need
So I suggest we just chill
Pack our bags and take a flight to Brazil
I think that'll be ideal
And you know we can do whatever we feel
'Cause I don't wanna lose you for real, so girl
Girl, trust me, trust me
Girl, trust me, oh baby
Girl, trust me, yeah
All you gotta do is
Girl, trust me, oh
Girl, trust me
Girl, trust me
All you gotta do is
Girl, trust me, oh baby
Girl, trust me, ooh baby
Girl, trust me, oh
All you gotta do is
Girl, trust me, hey baby
Girl, trust me, hey girlfriend
Girl, trust me, oh
All you gotta do is
Girl, trust me, yeah
Girl, trust me, come on, girl
Girl, trust me, come on, girl
All you gotta do is
Girl, trust me
Girl, trust me
Girl, trust me
All you gotta do is
