

# Power's Out

Nicole Scherzinger

Now lay, now lay, lay, lay  
Now lay  
(Oh, oh, oh)  
Now lay, lay, lay, lay I gotta to show the beautiful you  
Just in case you need it to lean on  
This hands I have are for you  
Just in case you need help to hold on The world is just  
A super sized merry go round  
Sometimes your fingers lose their grip  
We all fall down Dont sit there in the dark  
Dont worry your heart  
Everything will be fine  
If trees fall on your power line If your wills turn strong  
You will always have a home, if your powers out  
If the light turns dark  
You can stay here in my hear, if your powers out My food is yours  
Take all you want  
My bed is yours  
Sleep all you want
