I Can't Live With You

Queen

I can't live with you But I can't live without you I can't let you stay Ooh but I can't live if you go away I don't know just how it goes All I know is I can't live with you

Yeah I'm having a hard time I'm walking a fine line between hope and despair You may think that I don't care But I traveled a long road to get hold of my sorrow I tried to catch a dream But nothing's what it seems Love is saying baby it's all right When deep inside you're really petrified Lover turns to hater On this escalator

> I can't live with you, yeah But I can't live without you I can't breathe if you stay But I can't bear you to go away I don't know what time it is All I know is I can't live with you

We're stuck in a bad place We're trapped in a rat race And we can't escape Maybe there's been some mistake We're trying to make a high score We're walking through a closed door And nobody's winning We're just sinning against ourselves

Hold on baby tell me it's all right Anger's breaking from the hurt inside Passions screaming hotter Doin' what we gotta do, yeah

I can't live with you I can't live with you

I can't live I can't live I can't I can't live with you But baby I'll never ever leave you

I can't live with you But I can't live without you Cause I'm in love with you Ooh and everything about you

I can't live with you No I just can't live I just can't live I can't live with you Yeah and I can't live without you Through the madness through the tears We've still got each other For a million years, yeah

Ooh yeah Yeah, I can't live without you, yeah yeah I can't live without you Yeah yeah, oh oh oh I can't live without you I can't live without you I can't live without you Oh oh, I can't live without you, baby baby baby Without you I can't live without you
