

The Way It Should Be

Tamar Braxton

That feels so good You know that I do love you babe
But I don't want to rush it babe
Today I wanna hold you
Tomorrow I will give you more, yeah
I wanna take my time with you
So I can make it right with you
That's how it used to be
I only wanna give you more, like when I - When love was love
When a kiss was a kiss
That's what I miss
And that's the way it should be
When a man was a man
When forever was a plan
And people still hold hands
And that's the way it should be I wanna take long walks with you
And share all of my thoughts with you
I wonder how you see your dreams
Cause I see all my dreams in you, oh baby
Remember nights that we never met
Creeping in with love when we were friends
I wish we could bring back
Those day when we were friends Repeat 1 (2x) I want you baby (oh, oh)
When love was love
When a kiss was a kiss
That's what I miss Tell that you belong to me
Make me secure ?
Hold me at night
Take my troubles away
I wish we could go back to the days when Repeat 1 (2x) (Ooh) When you love me
When you hold me
When you love me
