

# Hold It Up

## The Rocket Summer

Sayin', I'm lookin' now at pictures of us  
I remember thinkin', oh, this will never be lost  
Oh, the songs, it spoke for me when I couldn't speak  
Shame the band's broke up, I just hope we'll remember these  
Hold it up, hold it tight, moments live or moments die  
Hold it up, hold it strong, stay right here where you belong  
Hold it up, hold it tight, the only plans of mine  
Might sound to you clich
