Out Like That

Dexter Roberts

(Verse 1)
On two wheels,
Red-linin' like I'm running from the blue lights
Goin' Earnhardt fast -
I wanna go out like that

With my boots on,
Hat back with my heart and soul
Hangin' from this guitar strap -
I wanna go out like that

(Chorus)
When they put me in the grave,
I pray that stone will say,
Here lies a man who died the way he lived

At a hundred miles an hour,
Six-hundred horse power,
His everything was all he knew to give

He beat life to the punch and never looked back
I wanna go out like that,
Yeah, I wanna go out like that

(Verse 2)
Black label,
Shooting pool at The Bull
Just laughing bout the times we had
I wanna go out like that.

Yeah, I wanna go out like that

(Chorus)

(Hook)
Under the sunset,
Two rockin' chairs, she's there, fifty years,
Still holdin' my hand -
It all goes by so fast,

And I wanna go out like that

I wanna go out like that

(Chorus)
