

Friend of Mine

Bill Withers

Might be that we have
Different views sometimes
Oh but that's alright
You're still a friend of mine Sometimes you go your way
Sometimes I go mine
Oh but that's alright
You're still a friend of mine Might not like your lady
You might not like mind
Whoa but that's alright
You're still a friend of mine Hey you're still a friend of mine
Yeah you're still a friend of mine
Still a friend of mine
You're still a friend of mine
Still a friend of mine
Still a friend of mine
Still a friend of mine You change my cloudy days to sunshine
I'm so glad you're a friend of mine
You make clear water out of muddy
i'm so thankful that you're my buddy You're still a friend of mine
You're still a friend of mine
You're still a friend of mine
You're still a friend of mine
