My Baby Loves Lovin'

White Plains

My baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use itMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use itI was lonely once in this great big world
(Great big world)
Just a nowhere man without his girl
When she came my wayShe smiled at me as if to sayMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use itMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use itShe's the only one makes me feel so good
Believing in my lovin' so I'm all gone good
All my sorrows and fears seem to fly away
She looks at me as if to sayMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use it
For meNo more lonely nights waiting for the phone to ring
No more lonely days my baby's taken care of everything
I'm telling you peopleMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use itMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use itShe's the only one makes me feel so good
Believing in my lovin'
All my sorrows and fears seem to fly away
She looks at me as if to sayMy baby loves love
My baby loves lovin'
She's got what it takes
And she know how to use it...
