

Feel The Steam(Shoutless)

Elephant Man

 Hmm
 Elephant Man
 C. Breeze
 Chris Brown for the ladies
 (Give it to her)
 Baby look at it startin' to sweat
 Grind it on me
 I told her
 I told her
 I told her
 I told her
 Burn it up
 I told her
 I told her
 I told her
 I told her
 Burn it up
 Before all the club is on fire
 No top Bueno Bueno
Watching her perspire Now why don't you make me a ten piece of rice
 And I could not do because its not in your size
 I told her she may go loop because she criticized
 ...
 Show me around town anytime you see me roll
 Call me in the Benz anytime at wedding toll
 ...
 ...Can you feel the steam?
 Hot make you wanna scream
 Shawty wanna leave with me
 I know just what you need
 Girl, let me make you body sway
 Come on come on make your body way
 Ima make your body drift this way
Girl wind 'til you this way Community mean all that foolishness
 If she want that booty booty all she cool with this
 Don't make me leave you head, jump and twist
 Come on I don't wanna hear you jump on this
 If you don't hear me make you fall in the trap door
 Hold on me forever and pop on the floor

Ain't no testimonial or size on the floor
Tell me when your ready, when your ready ill go Can you feel the steam?
Hot make you wanna scream
Shawty wanna leave with me
I know just what you need
Girl, let me make you body sway
Come on come on make your body way
Ima make your body drift this way
Girl wind 'til you this way We can get it on and
'Til the early mornin'
If your body callin'
We can get it on and
'Til the early mornin'
Is your body callin'?
Girl Can you feel the steam?
Hot make you wanna scream
Shawty wanna leave with me
I know just what you need
Girl, let me make you body sway
Come on come on make your body way
Im'a make your body drift this way
Girl wind 'til you this way All in the club all tied to my parts
I know she can reach me if I drift too far
If I know what she wants, I can reach for the stars

...

I can feel your temperature, id love to turn on me know (make your body shake)

... (make your body shake)

Booty booty booty like an American booty, shake her
Before I go turn on her like a belly dancer Can you feel the steam?
Hot make you wanna scream
Shawty wanna leave with me
I know just what you need
Girl, let me make you body sway
Come on come on make your body way
I'ma make your body drift this way
Girl wind 'til you this way Can you feel the steam? (ooh)
Hot make you wanna scream (ooh)
Shawty wanna leave with me
I know just what you need
Girl, so let me make you body sway
C. Breezy Elephant man make your body way
We gon' make your body drift this way
Girl wind 'til you this way
