Obsidian Night

Jex Thoth

O' sister, take my sin
There are serpents in my skin
I tell you, it's no lie
Run to the afterlife...Those frozen crystal skies
A pyramide of life
Become Obsidian Night
Karmic stains on the imaginal mindsO' sister, it's my fate
To live my life in pain...
And never be reborn
Never regain in formA spiritual life
Becomes Obsidian Night
So let's just say goodbye -
No more undead dreams in a subconcious eye
