

Run Forever

Dave Thomas Junior

Open up the skylight baby let the truth come rushing in
Don't you let your heart go anywhere just think what might have been
Now that all the waiting's over don't know what I wouldn't give
To hide amongst the shadows where I end and you begin

There's never been a better time to be alive

You know that when tomorrow comes we can throw it all away
Until we cross the line when nothing's ever gonna be the same
Cause we can live a million years and the light will never fade
And I won't ever let you down, just call my name

Cause we got colors, we got love
And we got too much, of not enough
We got washed up, on the shore
We got everything, to answer for

There's never been a better time to be alive

I think I see the sun rise, guessing all my wishes went astray
Tell me what the truth is baby is it time to leave this place?
Cause I will run forever with you
I will run forever with you
I will run forever with you
I will run forever with you

Does it make it better
Does it make it worse
Are we so lucky
Are we so cursed
With tomorrow coming
Can our hearts survive
Cause there's never been a better time to be alive
