Shining Lights

Soilwork

Your imagination
Will set the world on fire
Silenced by shining lights
A satisfying delightA resolution never seen before
Reality won't be a friend no more
'Cause the further it goes, the less
you will grasp
In this dying world of yoursIt won't ever let you go
It won't ever let you growThe infiltration of the empire meant
for you
...Just ruined your chances too soon
You're one with the frame that will get you through
The thension, the drug, the helpless mind
The love of a mother redirectedNow I feel for you
The way you're sinking
Deeper and deeper
Beyond recognition'Cause the source is never ending
No use, stop pretending
We won't ever find your way
Since the source is still defending
Our crown of reality sending
Nothing more than what's been saidOur lives going nowhere
Constantly bleeding somewhere
Life's going nowehere
(solo: Courbet)'Cause the source is never ending
No use, stop pretending
We won't ever find your way
Since the source is still defending
Our crown of reality sending
Nothing more than what's been saidYour imagination, the infiltration
