

Station Man

Fleetwood Mac

Station man
I've been waiting
Can you tell me
When we're leaving?Midnight train
Now is leaving
Engine screamingWhere I'm going I don't know
But you tell me I must go
When we're leaving I don't know
But you tell me nowI see it's coming and bringing something
This train of lovin' I see it's comin'
I feel it's runnin' this train of lovin'
From ages past
