Power Of Love

Smokieã¤°æ•©

You were always in my stars.
You?re my destiny.
Every day I?ll share with you,
Love that?s so warm, so sincere.
I knew it was my lucky day,
When you said hello.
I knew that love had come my way,
Lonely nights will be no more.
CHORUS:
I believe in the power of love.
Loving you babe, has made you love me.
I believe that the power of love,
Has made you love me.

There were times when I was down,
Times when I couldn?t carry on.
You came along and changed it all.
Came along and made me strong.
[CHORUS](instrumental)
(first verse)
I believe in the power of love.
Loving you babe, has made you love me.
I believe in the power of love.
[Repeat to Fade Out]I believe in the power of love.
