

Monkey (Live, Society for Ethical Culture)

Low

Oh my my
Little white lie
I swear I'm gonna make it right this time It's like a radio
Turning way down low
Telling me things I do not know I know Tonight you will be mine
Tonight the monkey dies
Tonight you will be mine
Tonight the monkey dies Now who's to blame
We used to be the same
Now you won't let me speak your name, what a shame It's a suicide
Shut up and drive
We're never gonna make the light but it's alright 'cause tonight you will be mine
Tonight the monkey dies
Tonight you will be mine
Tonight the monkey dies Tonight you will be mine
Tonight the monkey dies
Tonight you will be mine
Tonight the monkey dies Oh, tonight you will be mine
Tonight the monkey dies
