

Because You Love Me

Jo Dee Messina

I don't know how I survived
In this cold and empty world
For all this time
I only know that I'm alive
Because you love me When I recall what I've been through
There's some things
That I wish I didn't do
Now I do the things I do
Because you love me And now that you're in my life
I'm so glad I'm alive
'Cause you showed me the way
And I know now how good it can be
Because you love me And now that you're in my life
I'm so glad I'm alive
'Cause you showed me the way
And I know now how good it can be
Because you love me I believe in things unseen
I believe in the message of a dream
And I believe in what you are
Because you love me With all my heart and all my soul
I'm loving you and I never will let go
And every day I'll let it show
Because you love me
Because you love me
Because you love me
