

# I Believe In You

[LeAnn Rimes](#)

You breathe and life begins  
You speak and my world makes sense  
That's how it is when it comes to you Your mercy has no end  
You are more than just a friend  
It amazes me you feel the way you do I believe in you and nothing less  
I believe in you can't help myself  
You're all the hope the reason that I need I believe in you just because  
I don't need no one to prove your love  
From all that I have seen  
It's easier for me to believe in you, oh no, yeah You are so beautiful, you are the miracle  
That dry the tears, heals the wounded heart  
And it's so clear to see, you had everything  
You were there for me, there to see me through I believe in you and nothing less  
I believe in you can't help myself  
You're all the hope the reason that I need I believe in you just because  
I don't need no one to prove your love  
From all that I have seen  
It's easier for me to believe in you, oh no, yeah Through the fire and through the rain  
I know your love for me will never ever change I believe in you and nothing less  
I believe in you can't help myself  
You're all the hope the reason that I need I believe in you just because  
I don't need no one to prove your love  
From all that I have seen  
It's easier for me to believe in you, oh no, yeah I believe in you and nothing less  
I believe in you can't help myself  
You're all the hope the reason that I need I believe in you just because  
I don't need no one to prove your love  
From all that I have seen
