closed casket

the burninators

What about death when it's done come and gone?"
Now I lay me down to sleep before I go to bed
Redrum was the word that a nigga said
I'm dead, and once my mind bled all dayBetter watch the word when the wicked man say
Simple and plain, I feel no pain
Rotten body in the ground wit' my maggot brain
The fallen angel fell all this wickedness for Heaven
I can't wait to meet the Grim Reaper, creature, feature
I still, so now I go to Hell at seven
Esham the UnHoly, Satan was my teacher
And find the preacher, I'm gonna kill him when I catch him
Put your body in the coffin and stretch'em, closed casket[Chorus]
I said I dont wanna die with my eyes closed-(closed cakset)
(Talking) And I dont wanna die with my eyes closed-(closed casket)
I don't really wanna feel no pain, I'm illLay me down, let my body rot from the buckshot to my knot
I'd rather be dead, still
And Hell is gettin' hot, watch the hammer cock (boom!)
Now I lay me down to sleep
Watch the head of the Head hunter once I creep
Shit's deep, six feet deep infact
Bloody body in the coffin layin' on my back
Matter of fact, it's time to meet the Maker, the Undertaker
Sold my soul, as the story a told
Once again, it seems that I cannot win
And when I die, i'm goin' to Hell again, in a closed casket
It seems I'm just headed for Hell, I hear screams, they call my name
[Chorus]
Symptoms of insanity, the voices, they're all the same
No shame, I take aim at my head
One bullet, one gun, one person to blame
I'm dead, and nobody feels my pain
Cock the hammer back and out soar a piece of lead
It was said, that i'm gonna die anyway
Atleast six feet deep I got some place to stay
Wit' the maggots, bury me alive and hush
If I must, say one thing
Now I'm thinkin' 'bout ashes, dust to dust
I bet they won't say they seeing me like the King
Elvis, closed casket

[Chorus]
"I've come to conclusion, look brothers, sisters,
I want an answer, there's a... the overworld, and the underworld,
which world are you a part of
