And Love Said No

Him

And love's light blue, led me to you
Through the emptiness that had become my home
Love's lies cruel, introduced me to you
And that moment I knew I was out of hope
Kill me
I begged and love said, "No"
Leave me
For dead and let me go
Kill me
I cried and love said, "No"
Kill me
I cried and love said, "No"
Love's icy tomb, dug open for you
Lies in a cemetery that bares my name
Love's violent tune, from me to you
Rips your heart out and leaves you
Bleeding with a smile on your face
Kill me
I begged and love said, "No"
Leave me
For dead and let me go
Kill me
I cried and love said, "No"
Kill me
I cried and love said, "No"
Love's light blue, took me from you
And that moment I knew I was out of hope again
Kill me
I begged and love said, "No"
Leave me
For dead and let me go
Kill me
I cried and love said, "No"
Kill me
I cried and love said, "No"
Love said, "No
And love said, "No"
