Stand Up

Caliban

I'm there of what you dream
I see you but what are you?You make me sick
Eat me up, stand up
I was there where you will never beBits come off your shell
But I recognize still nothing
You change with the flow of the masses
A thick empty shell with no contentI keep my eyes shut
But I scream at you
Just open your eyesTake me up, tear me down
But when I'm gone, you're the one who's left
Take me up, tear me down
You're the one who's leftI can't recognize you
A bug full of stand ups
