Princess In Disguise

Fatty Koo

Like a perfect ten in a magazine
Were the girls that caught my eyes
Sophisticated queen with the sex appeal
Beauty no less than a dimeBut the girl that really caught my heart
Wasn't anything like that
At first glance you wouldn't see it
But she was really badPapasito, venconmigo
Dejame demostrar a ti
Que tu no puedes ver
La mujer marya-dentro de miShe's just an average girl
Ain't got no mink and pearls
Still she's like royalty
She's a princess in disguiseShe's got a heart of gold
Within a tale untold
That's where her beauty lies
She's a princess in disguiseHer smile is like a twinkle in the sky
A diamond in the ruff with the heart of a child
Her true beauty is more then skin deep
Because the essence of a women is hidden underneathShe's just an average girl
Ain't got no mink and pearls
Still she's like royalty
She's a princess in disguiseShe's got a heart of gold
Within a tale untold
That's where her beauty lies
She's a princess in disguiseTomame al castillo que estan en los nubes
Hasme princesa de tu corazon, mi serviente de amor
Desde alli, viajar a otros lugares
Para vivir momentos inolvidablesYou stole my heart and sealed it with a kiss
No matter where I look, it can't get no better than this
My princess, my goddess, you came from up above
I'll treat you like royalty with all my loveYour heart is pure, together we explore
We build on honesty, one solid core
You caught my eye, I can't deny
You're in my heart, you are my prideShe's just an average girl
Ain't got no mink and pearls
Still she's like royalty
She's a princess in disguiseShe's got a heart of gold
Within a tale untold
That's where her beauty lies

She's a princess in disguiseShe's just an average girl
Ain't got no mink and pearls
Still she's like royalty
She's a princess in disguiseShe's got a heart of gold
Within a tale untold
That's where her beauty lies
She's a princess in disguise
Yeah, oh yeah, I'm in love
