You Got Me

[Taking Back Sunday](#)

I was there when you were lonely
I was there when you were bored
I was there when you were feeling scared
And you were not sure what for.
I was there you found out
When you were madder than hell.
You were scared, I was scared,
We were scared but I did not let that show.
'Cause you got me if you want me (Yeah!)
Yeah you got me and it's right where I should be.
I was there when you worried,
I was there when you were sick,
I was there when you were positive
This wasn't happening.
I was there with your father
When he was madder than hell.
You were scared, he was scared,
We were scared but I did not let you know.

'Cause you got me if you want me (Oh!)
Yeah you got me and it's right where I should be. (oh)
Yeah you got me if you want me (Oh!)
Yeah you got me and it's right where I should be (it's right where I should be!)
Woah!
I was there when you were lonely
I was there when you were bored
I was there when you were feeling scared
And you were not sure what for.
Yeah you got me if you want me (Hey!)
Yeah you got me and it's right where I should be. (Ho!)
'Cause you got me if you want me.
Yeah you got me and it's right where I should be. (Oh!)
Yeah you got me if you want me.
Yeah you got me ooooh!
Yeah you got me ooooh!
Yeah you got me!
Yeah you got me!
