

Oh God. I'm Alone

Nakazawa Nobuyoshi

When the sun sets, moon starts shining,
they say it is so Romantic
But I don't feel that way, so nostalgic
It reminds me all about you
I feel so lonely

All the memories, They are all gone
What a beauty! All those days have gone, is it true?

All the memories, They are all gone
Oh god, I'm alone
I lost happiest moment of life

But whenever people say, it's so "Romantic"
It reminds me all about you
I feel so lonely

I don't feel that way, I cry my heart out
Deep in my heart, I think about you
I feel so lonely
