

# Calley Oh

Billy Squier

I thought I knew the Story. I thought I'd seen it all  
Those days of love and glory. But now I hear you call  
Chorus:  
Calley Oh  
See there's nowhere to hide  
Calley Oh  
I can feel you inside  
Don't you know  
That I can't hold back  
I keep on coming after you You never compromise me. You never find it hard  
You never recognize me. You throw me off my guard Ch: Calley Oh  
With the roles that you play  
Calley Oh  
You can have it your way  
Don't you know  
That I can't hold back  
I keep on coming after you Bridge:  
I go chasing moonshine racing you may wonder why  
If I find my true love there  
I will never  
I will never say good bye I'm past the point of caring. It's just your point of view  
I'm Past the point of sharing. I gave it all to you Ch: Calley Oh  
You can see through my eyes  
Calley Oh  
I could never disguise  
What you know ... Now I can't hold back  
I keep on coming after you  
Calley Oh  
You're my nights and my days  
Calley Oh  
I'm a fool in my ways don't you know  
That I can't hold back  
I keep on coming after you.  
Keep me comin' baby  
Tell me where have you been so long...
