

# Kick Your Game

TLC

I've been watching  
Come on let me kick a little game to you  
Baby baby let me kick a little game to you Come on let me kick a little game to you  
Baby baby let me kick a little game to you I've been watching you, watching me  
And I know you want it  
Come on let me kick a little game to you Lean against the wall checking out the scenery  
All I see is everybody trying to get with me  
So I continue to play it crazy sexy cool  
Lost all composure when I laid my eyes on you You just wanna know if you can kick some game  
Come with something more clever than just your name  
See it's like this, I wanna take you home  
But you gotta show me that your game is on I've been watching you, watching me  
And I know you want it  
But it depends on how you kick your game I've been watching you, watching me  
And I know you want it  
But it depends on how you kick your game  
(Come on let me kick a little game to you) It's about to close, but you've only said a few words to me  
I've been waiting for a dose of your personality  
See I'm in the mood when it all goes right  
Baby you will be you will be going home with me tonight All I wanna do is kiss your hand  
Let you know I'm not just another fan I am the man  
And I don't give a damn about who you know  
I got a 48-track studio back at the crib  
So drop by you know where I live  
I see you all the time but on another note  
Would you like to dance  
"Naa, I'm about to go and uh hang my coat" I've been watching you, watching me  
And I know you want it  
But it depends on how you kick your game I've been watching you, watching me  
And I know you want it  
But it depends on how you kick your game  
(Come on let me kick a little game to you) It's been a month  
I called you twice, you called me once  
Baby come with me and be mine  
So we can make love on the 50 yard line  
You for me, me for you  
There's nothing in this world you know we couldn't do  
Yeah but who was that girl all on your back, Nicole  
I'm just a nigga that followed you to the coat rack. You just wanna know if you can kick some game

Come with something more clever than just your name  
It's like this I wanna take you home  
But you gotta show me, gotta show me that your game is on I've been watching you, watching me  
And I know you want it  
But it depends on how you kick your game I've been watching you, watching me  
And I know you want it  
But it depends on how you kick your game  
(Come on let me kick a little game to you,  
Baby, baby let me kick a little game to you)  
(Come on let me kick a little game to you,  
Baby, baby let me kick a little game to you)
