Tangled

Thomas Rhett

I'm tangled in your arms
And in my head and in my bed again
And wreckin' me in pieces on the floor
I'm tangled in your smile
You drive me wild for just a while
I think that I'll keep you from walkin' out that door
I, I wanna sayI want more than what this is
My lips are busy kissin' you
So I'd just like to stay
One more night in paradise
It feels so right to me 'cause girlI'm tangled up
I can't ever get too much
I'm tangled up
Ah, baby what you do to me
I'm tangled up
You give me just enough of your love
To keep me tangled up
And I don't wanna be freeGirl you got me tangled
Girl you got me tangled
Girl you got me tangled up
I'm tangled in your skin
And I pretend it's gonna end
Everytime you know I'm letting you back in
I'm tangled in your sheets
I can't compete your sugar tastes so sweet
I want it girl again, and again
I, I wanna say
I want more than what this is
My lips are busy kissin' you
So I'd just like to stay
One more night in paradise
It feels so right to me 'cause girlI'm tangled up
I can't ever get too much
I'm tangled up
Ah, baby what you do to me
I'm tangled up
You give me just enough of your love
To keep me tangled up
And I don't wanna be freeTangled up, ohSo I'd just like to stay

One more night in paradise
It feels so right to me girl
BabyI'm tangled up
I can't ever get too much
I'm tangled up
Ah, baby what you do to me
I'm tangled up
You give me just enough of your love
To keep me tangled up
And I don't wanna be freeTangled up, oh
Tangled up, oh
Tangled up, oh
I can't ever get too much
I am tangled up, oh
