Sweetest Thing

The Rifles

It's cause I love you girl I need you more and more
I need you girl of that I'm sure, I'm sure
And when the rain does come I'll be by your side
You're my summertime I feel I'm alright
Through the winds of time I will not try to fight
Even when you're wrong you're always rightCause it's the sweetest thing
It's you that I adore
Cause it's the sweetest feeling
My feet don't touch the floorAnd through the years we will grow
This I feel I hope you knowCause it's the sweetest thing
It's you that i adore
Cause it's the sweetest feeling
My feet don't touch the floorAnd when it feels like there's a hole inside
Just reach outCause it's the sweetest thingWhatever you want now
Whatever you need now
I'll come running.Cause it's the sweetest thing
