

Perfect

[Jon McLaughlin](#)

I used to stare up into the sky
And fill the space around with my whys
But now I've got it all figured out
And I'm embarrassed that it me too long
The simple answers in her replies
Unlock the universe with her eyes
She rips apart my world with her mood
Oh, while stealing all the light in the room
And I found someone to walk me through this life
The brightest sun has opened up my eyes
Tonight I need exactly who she is
We're going to be perfect
She can teach a melody to the birds
And problem solving without a word
And she could tell the richest man how to kneel
Oh, right after telling him about me
And I found someone to walk me through this life
The brightest sun has opened up my eyes
Tonight I need exactly who she is
We're going to be perfect
And in my life if I can have one thing I don't deserve
Then I have never wanted anybody else but you
She can do no wrong in my mind
So I'll take a seat while she takes up time
'Cause I am here forever I say
So lock me up and throw my keys away
'Cause I found someone to walk me through this life
The brightest sun has opened up my eyes
Tonight I need exactly who she is
We're going to be perfect, perfect
