Down

Stemm

Day after day it's the same
Tired of playing these games
Reaching out for something true
Questioning all that I doGotta get back gotta get back
Never be the same cause I cover my tracks
The name of the game, feel the pain
Look into my eyes and you'll see no painGiving it right back to you
Everything you've put me throughI can't breathe
will some one save me
Suffocate
my body's weakening
I can't breathe
get out before it's too late
You know it's pulling me downWhy do I feel so alone
So close yet so far from home
One thing I know I believe
All wounds heal after they bleedSeeing this through, seeing this through
You're coming down on me, well I'm coming down on you
Never look away, Never look away
'cause once I see you slip, you're outta my wayUnderstand one thing I say
Never let this get away from meI can't breathe
will some one save me
Suffocate
my body's weakening
I can't breathe
get out before it's too lateI can't breathe
will some one save me
Suffocate
my body's weakening
I can't breathe
get out before it's too lateYou know whats pulling me down
You know whats pulling me down
You know whats pulling me down
You know whats pulling me..... Down!You know whats pulling me down
You know whats pulling me down
You know whats pulling me down
You know whats pulling me down! down down
Down down down
You know whats pulling me down

Down down
Down downNever give up Never give up
Never turn away 'cause I'll be fucking you up
Never give up Never give up
Never turn away 'cause I'll be fucking you upGotta get back gotta get back
Never be the same 'cause I cover my tracks
The name of the game feel the pain
Look into my eyes and you'll see no painSeeing this through, seeing this through
You're comin down on me well I'm comin down on you
Never look away Never look away
'cause once I see you slip, you're outta my wayI can't breathe
will some one save me
Suffocate
my body's weakening
I can't breathe
get out before it's too lateI can't breathe
will some one save me
Suffocate
my body's weakening
I can't breathe
get out before it's too late
