

# Tomorrow Goes Away

## Delta Spirit

Every time I see you it gets a little worse  
Perhaps things are getting better  
But how can one be so sure?  
So I will take it slowly so that I can rest assure  
Wait until tomorrow goes away In the evening when I wake up  
I would love to hear you say  
Ooh, wait until tomorrow goes away  
Wait until tomorrow goes away  
Wait until tomorrow goes away
