## Cream

Comin' to me in the mornin', leavin' me at night
Comin' to me in the mornin', leavin' me alone
You've got that rainbow fee,l but the rainbow has a beardRunnin' to me a cryin', when he throws you out
Runnin' to me a cryin', on your own again
You've got that pure feel, such good responses
But the picture has a mustacheYou comin' to me with that soulful look on your face
Comin', lookin' like you've never ever done one wrong thingYou're comin' to me with that soulful look on your face
You're comin', lookin' like you've never ever done one wrong thingSo many fantastic colors, I feel in a wonderland
Many fantastic colors makes me feel so good
You've got that pure feel, such good responses
Got that rainbow feel but the rainbow has a beard
