Boogeyman

Silent Theory

What if I told you Iâ€™m the darkness in your dreams?
What if I told you Iâ€™m the thing behind the scene?
What if I told you Iâ€™m the secret in your heart?
What if I told you Iâ€™m the fire that lights the spark?

Chorus:
What if I told you I was your boogeyman?
As you looked under your bed.
Come along, and take my hand,
Because I am your boogeyman.

What if I told you Iâ€™m the needle in your skin?
What if I told you Iâ€™m the nightmare from within?
What if you turned on me to find Iâ€™m not around?
What if you slipped into the night without a sound?

Chorus

What if I told you Iâ€™m the needle in your skin?
What if I told you Iâ€™m the nightmare from within?

Chorus
