

# Lonely Town

## Brandon Flowers

[Verse 1]

I've been working overtime  
And I can't get you off my mind

I sleep in the pouring rain  
When will you come home again?[Hook x2]

Spinnin' like a Gravitron

When I was just a kid  
I always thought that things would change  
But they never did[Verse 2]

I'm hanging on to the end of this rope  
Somewhere on the outskirts of hope

Life without you not around  
Another kid in Lonely Town

And I'm[Hook x2][Bridge]

Now I'm standing outside your house

And I'm wondering, Baby

Do you hear the phone when I call?

Do you feel the thud when I fall?

Do you hear the crack when I break?

Did you lock the door when it shut?

Did you see the knife when it cut?

Do you keep your ear to the ground?For the kid in Lonely Town(Lonely Town)

Lonely Town

Kid in Lonely Town(Lonely Town)

Lonely Town[Hook x2]Do you hear the phone when I call?

Do you hear the crack when I break?

Do you lock the door when it shut?

Do you keep your ear to the ground?For the kid in Lonely Town (Lonely Town)

Lonely Town(Lonely Town)

Lonely Town

Lonely Town
