Say Something

Charlie Winston

Say something
Anything you can
I've been waiting patiently
To understandSay something
Let us share the weight
A single word could be enough
To pull us from this stateThere is only
Only so long
I can keep holding on
Before I say so long
So long
Say something
Set your silence free
I'm sentenced to a jail cell waiting
For you to turn a keySay something
Before the walls fall in
There's nothing I can do
To lift us from
The space we're inThere is only
Only so long
I can keep holding on
Before I say so longThere is only
Only so long
I can keep holding on
Before I say so long
Say so long
Well if it's only just a sign
At least I'd have a way
To know it's not a game
You mean to playThere is only
Only so long
I can keep holding on
Before I say so longThere is only
Only so long
I can keep holding on
Before I say so long
So longIt's been way too long
Since I heard your song
So come on

Sing up, sing out for me
