

# Stronger Than Dirt

## Soul, Inc

Somebody wake me up  
The dream is growing cold  
And the night is all we have  
Left to hold  
Somebody sail this ship  
Navigate this crowd  
For what I once saw as land  
I see as cloud  
But I am stronger than you  
And I am braver than you  
And I will still be here  
When the dust has cleared  
Sometimes nothing is  
The better hand  
And you throw it all for this  
I understand  
But I am stronger than you  
And I am braver than you  
And I will still be here  
When the dust has cleared will you  
Will you, will you, will you  
And I will still be here  
When the dust has cleared  
And I will still be here  
When the dust has cleared  
Will you  
You will never get close to me  
You will never get close to me  
This is who we are  
This is who we are  
You will never get close to me  
Who we are...  
You will never get close to me  
Who we are...
