

Naked (God Module remix)

Assemblage 23

Awake, aware, alone
Lost and far from home
I walk without these walls
So there is less to fall I am naked
I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked
But I can never break Bombarded by brutal events
Like the rays of a sun
Knocked to my knees
By the waves that continued to come
Each time I rise to my feet
I am knocked to the ground
But I am an element
Nothing can break me down I am naked
I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked
But I can never break Link after link in a chain
Pulling hard at my limbs
The search party's lost now
The outlook is growing dim
Praying for wisdom
There's nobody left to impart
But I am an atom
And nothing can take me apart I am naked
I have nothing left
My bones are picked clean
And riddled with regrets
Nothing can touch me
I've nothing left to take
For I am naked

But I can never break
