Murnau (feat. Angela)

Lopezhouse

blood tears
blood tears

fragile as a needle
a neelde over your belly
drawing some past stories
that push you in to the dust

blood tears shear
over the dust
a past that's still your daily crush
your daily punishment

fragile as a needle
a needle over you belly
drawing some past story
that push you in to the dust

blood tears
blood tears
blood tears
drawing your past
over the dust
a past that's still your
daily crush

fragile as a needle
a needle over your belly
drawing some past stories
that push you in to the dust

blood tears shear over the dust
a past that's still your daily crush
