

# Mind (feat. Kai)

[Skrillex & Diplo](#)

You love how you push me to the point of crazy  
And I love when you're on your knees and begging for me  
You got me good with all these mind games  
There you go, you got my heart again

Say my name, I wanna hear you call  
Hold me close, I wanna feel your heart  
I'm in a cold sweat and I want you bad  
Now you got me all in my head, like damn

I'ma show you how, show you how, show you how  
To love again
